

## Green Hope Foundation Newsletter - July 2021

Our Founder President spoke at the UN Women #GenerationEquality Forum Paris where she shared the platform with Former President of Ireland Mary Robinson! #ActForEqual

GHF India distributed solar cookers with the Z.B.High School in Western India to the students who have excelled in their studies & to their mothers. This is our way of empowering women & girls through #CleanEnergy & nature-based solutions. It was wonderful to be a part of this celebration!

Kekhshash, our Founder President, spoke at the NGO Major Group #HLPF2021 Side Event on "Re-imagining The Future We Need - Community Voices for a Healthy, Green & Just recovery" as the Regional Organizing Partner for North America for the NGO MG! We need to localize the #SDGs to #LeaveNoOneBehind!

Our Founder President spoke at the United Nations #HLPF2021 Side Event organized by the American Bar Association & International Development Law Association on "#ClimateJustice: #GenderEquality & Women's Empowerment"! We need sex+gender-disaggregated data now!

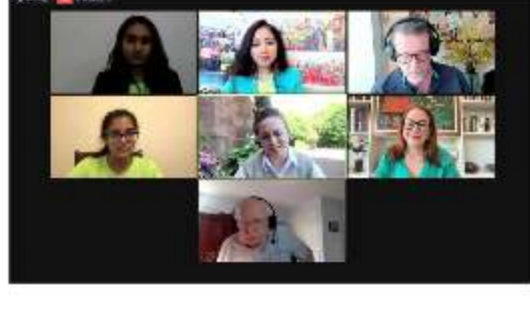

#GreenHope in the UK! Our amazing #GreenHope members, Pragna & Alieu spoke on #BiodiversityConservation at the TSL Partner Power Summit! They highlighted the importance of ground level actions & working with governments + all the sections of society for a sustainable world!

#GreenHope members in Kiribati plant red mangrove saplings (Te Tongo) during Kiribati Independence Week! Mangroves form a very important part of the ecosystem & are instrumental in fighting climate change!

Our Founder President was a Keynote Speaker at the Saudi Green Building Forum's United Nations #HLPF2021 Side Event, "The Honest Voice: Bridging the Gap"! We must #LeaveNoOneBehind as we enter the #NewNormal!

Green Hope conducts a truly inspiring discussion at the UN #HLPF2021 event, where our esteemed speakers spoke on the importance of leaving no one behind, moving past the blame game + truly implementing local solutions + joining hands to tackle our most pressing challenges!

Our Founder President spoke at the UN Women #GenerationEquality Forum Asia-Pacific Youth Activism Accelerator, sharing #GreenHope's journey to achieve #ClimateJustice + #GenderJustice!

Kekhshash spoke at the IFAD & Government of Canada's Side Event at the United Nations #HLPF2021: "Spotlight On Adaptation, Resilience & Small-Scale Farmers"! Honoured to share the platform with Minister Karina Gould 🇨🇦 & IFAD President Gilbert Houngbo!

#GreenHope conducts a Twitter Dialogue on this #WorldYouthSkillsDay to discuss "Youth Skills Development in the #NewNormal" with our amazing GHF members!

#GreenHope members in Bangladesh continue our #GrowYourOwnFood campaign in their village.

Our Founder President was featured, once again, in Südwind Magazin of Hamburg, Germany for #GreenHope's work on #LocalizingTheSDGs through #ESD + ground level actions! <https://www.suedwind-magazin.at/wir-muessen-eine-andere-normalitaet-schaffen/>.

#GreenHope members in Bangladesh continue with our Environmental Education programme by conducting a cleanup in their village to keep their surroundings clean for a sustainable planet.

Our Founder President spoke at the High School students of Vietnam about the #SDGs and how to localize them for a sustainable future!

Kekhshash was the Keynote Speaker of the #NuclearGames Launch Event, sharing the importance of Nuclear Non-Proliferation, #GenderJustice in #NuclearDisarmament, #DisarmamentEducation & understanding the harms of nuclear energy!

#GreenHope members in Kiribati conducted a beach cleanup to help preserve their island's beauty and protect terrestrial & marine life!

#GreenHope members in Kiribati planted scores of mangroves. Mangroves form a very important part of the ecosystem & are instrumental in mitigating climate change. Our wonderful members in Kiribati continue to take care of their island & protect their local #biodiversity!

#GreenHope members continue organic farming in their farms in South India and Canada and to ensure local sustainable food systems.

#GreenHope launches its first #MobileLibrary to ensure that children in rural communities do not miss out on getting #QualityEducation. We, at GHF, decided to bring the library to their doorstep!

Kekhshash spoke at the United Nations SDG Action Campaign's 'Play:Fair for People+Planet' in Milan on "Young People Turning It Around For Climate" where she highlighted the importance of localized #FeministClimateJustice!
